WELCOME TO OUR 12TH ANNUAL SUMMER SALE

This year the 105 high-performance ram lambs we are pleased to offer at auction are sired by an impressive line-up of our best performing young sires in our flock.

All sale lots selling on Wednesday 1st February have one or more ASBVs (Australian Sheep Breeding Values) in the top 20% of all terminal sires, with over half boasting one or more ASBVs in the top 5%.

There will be six specially selected rams at the top of the sale, picked out on type, performance and structure as the best opportunity for stud buyers.

One of the groups of rams which have stood out are sons of a ram used as a lamb itself - Gemini 210377.

This ram has bred very well within the stud, as well as having impressive ASBVs, including a birthweight (BW) figure of 0.14, weaning weight (WWT) of 12.45, post weaning weight (PWWT) of 20.12, an eye muscle depth (EMD) of 3.43, and fat of .18.

Other stand out sires to watch with lambs in the sale include Gemini 200361. The ram itself was sold to Hedingham White Suffolks in Western Australia in 2021 for \$18,000.

We retained semen from Gemini 200361 and this will be the first progeny for sale by him at Gemini - he is breeding exceptional growth, with a PWWT of 21.34

Gemini 200078 - a low birth weight ram at 0.16 - also has a consistent line-up of progeny on offer in the sale.

In the current lamb market climate, it is more important than ever to make sure you get your genetics right - those breeding the right sheep will get rewarded for it.

We are confident buyers will find a ram to fit their prime lamb operations and we continue to focus on breeding sheep with high lamb survival, easy lambing, low birthweight, strong growth and heavy yielding progeny which deliver positive genetic benefits to our customers.

We look forward to seeing you on sale day and welcome inspections of any of our sale rams by private appointment.

Craig, Chloe & Emily Mitchell

STRUCTURALLY CORRECT PERFORMANCE RAMS

Data Driven / Low BWT / High Growth / Heavy Yielding

12th ANNUAL SUMMER RAM SALE WEDNESDAY 1ST FEBRUARY 2023

“

Using Gemini Rams for 15 years, we're impressed with the balanced structure & figures across all Gemini sheep. The data stacks up against any other sheep in Australia & we've had good success using their rams over a long period of time.

”

Troy K, Werneth

3%
REBATE

We are pleased to offer a 3% rebate to all agents who attend with or on behalf of their clients, and settle within seven (7) days.

2%
DISCOUNT

A 2% discount will be available to all our buyers who settle personally and pay in full on sale day. EFTPOS facilities available on the day (Visa & Mastercard) & a 1.5% surcharge applies.

FREE
DELIVERY

Gemini Prime Lamb Sires will deliver Rams free of charge to anywhere within a 200km of our Werneth property.

Successful purchasers will be contacted at the completion of the sale by Ray White GTSM. Terms are: Booked through your agent, EFT & credit card facilities are available. (No Cheques)

IF YOU ARE BIDDING VIA AUCTIONSPLUS, PLEASE REGISTER ONLINE TO BUY ON SALE DAY

Preparing for auction day is simple and can be done in 6 easy steps.

1. Ensure you pre-register online with AuctionsPlus at least 3 days prior to the sale at **www.auctionsplus.com.au**
- If you need assistance, please call AuctionsPlus on 02 9262 4222. There is a buyer induction on the website to help you understand the roles and responsibilities of everyone on the AuctionsPlus system.
2. View the Gemini Sale Catalogue. View photos, videos, pedigrees and more.
3. Identify the Lots that interest you.
4. View the Gemini Sale live on AuctionsPlus website – Wednesday 1st February at 12.30pm AEDT.
5. On Sale Day you can bid from any location with good internet connection. **AUTO BID** – Can't stay the whole sale. Set your maximum bid on the lot you wish to purchase & let the computer bid for you.
6. Successful purchasers will be contacted at the completion of the sale by GTSM.

TERMS - Please see Page 4 for details.

AuctionsPlus

Gemini White Suffolk stud is a member of the Superwhites genetic improvement group of breeders who are focused on producing White Suffolk rams that contain the best genetics for prime lamb production.

The group has been in operation across Australia since 1995 and collectively produces around 3,000 rams annually.

Superwhites uses LAMBPLAN as a tool to aid in comparison of sheep across flocks as well as identifying the best genetics in Australia for use within the group.

The group foster excellent data quality with most members achieving Gold Status, the highest data quality standard within Lambplan.

By using link sires and progeny testing a young sire team each year, Superwhites flocks have strong across flock links, meaning that the LAMBPLAN evaluation within Superwhite flocks is more accurate.

Superwhites members are improving their genetics faster than the average of all terminal sire breeds for all commercially important traits.

Gemini White Suffolk stud was established in 1993 by introducing White Suffolk rams to put over ewes from our previously registered Suffolk stud.

We have always maintained a strong focus on commercial attributes relevant to industry demands and client profitability.

Selection for higher growth and carcase yield through increased muscling improves productivity, while selection for easy care shape and sound structure results in lower costs and more live lambs on the ground.

We use a combination of visual classing and high-performance selection through Lambplan to produce some of the highest quality and performing prime lamb genetics available in today's meat sheep industry.

Semen: Stud ram purchasers please note that Gemini maintains semen rights in all stud rams sold. This is for our possible within flock use only. Any semen that has not already been collected will be collected at our expense and the purchaser's convenience.

Please contact us if you need further clarification.

Ram Lambs: It is our recommendation that on removing ram lambs from ewes you supplementary feed them for the following 6 to 8 weeks for a quick recovery and to ensure the longevity of your rams.

INTRODUCING ULTRAWHITES

We are thrilled to introduce the UltraWhite breed to the stud to run alongside our existing White Suffolk operations.

Demand for Australia's very own premium shedding/hair sheep is growing & UltraWhites are proving they are the Ultimate Easy Care Sheep.

- No Tail Docking
- No Shearing
- Low Maintenance Animal

In the past 12 months we have been quietly growing & developing our UltraWhite Flock using an intensive ET program.

The recent purchase of this UltraWhite Ram Lamb, Bundarra Downs Tag - 220238 will add even more depth to the group.

BD 220238 is pictured shedding at 6 months & fully shed at 7 months.
